

DIGITAL CITIZENSHIP

week

October 13-17, 2025

IN COMPUTER SCIENCE CLASS, WE'LL BE CELEBRATING DIGITAL CITIZENSHIP WEEK BY EXPLORING HOW TO MAKE SMART, SAFE, AND KIND CHOICES ONLINE. STUDENTS WILL LEARN ABOUT MEDIA BALANCE, ONLINE SAFETY, CYBERBULLYING, DIGITAL FOOTPRINTS, AND HOW TO TELL IF INFORMATION IS RELIABLE—ALL THROUGH FUN, INTERACTIVE LESSONS AND THEMED SPIRIT WEEK ACTIVITIES. FAMILIES CAN CONTINUE THE LEARNING AT HOME BY COMPLETING THE ACTIVITIES BY VISITING: [HTTPS://BIT.LY/42X3V00](https://bit.ly/42x3v00)

MONDAY

PAJAMA DAY NO SCHOOL

Wear your coziest pajamas at home! Pajamas remind us how important it is to rest and recharge. Taking breaks from screens and getting good sleep helps us stay healthy and make better choices online and offline.

TUESDAY

SPORTS DAY

Represent your favorite sport or team! Sports teach us about teamwork, fairness, and following rules—the same values we should bring into the digital world when we work and play online.

WEDNESDAY

PINK DAY

Pink stands for kindness, care, and respect. Wearing pink reminds us to practice digital citizenship by spreading positivity online, standing up against cyberbullying, and using our words to lift others up..

THURSDAY

CAMOUFLAGE DAY

Wear your favorite camouflage! Just like camo helps animals stay safe in the wild, we need to protect ourselves online by keeping personal information private and making smart choices that keep us safe.

FRIDAY

WACKY SOCK DAY

Show off your silliest socks or wear shoes that don't match! Just like our outfits can be fun and unique, our digital footprints are unique too. Make sure yours shows creativity, kindness, and respect.
