P596X May 2026 Highlights.

May began with our Parent Retreat at Camp Ramapo, located in beautiful Rhinebeck, N.Y. Parents from P10X, another Bronx District 75 school, joined us on this trip. The Parent Retreat enabled families to experience new, fun and well supervised, activities along with other P.S. 596X families.

P596X staff were celebrated and appreciated from May 4th to May 8th, 2026. We would not be the school we are without them.

596X and 176X collaborated on two middle school orientation sessions on May 8th and May 15th, 2026, as we supported our graduating students and their families on their Life After 596X journey.

On May 12th, 2026, the School Leadership Team (SLT) held its monthly meeting at our 498 site.

The in-classroom parent engagement activities on May 15, 2026, were around the book of the month "Peanut Butter and Cupcake" by Terri Border. This is a great story about making new friends, and the perseverance that doing so sometimes takes.

The Silent Disco and Sneaker Ball on Saturday May 16, 2026, saw students and parents wearing their best kicks and partying like it was 1999.

P596X Field Day 2026 took place on Friday, May 22, 2026, in the Harry S. Truman High School Field House Gymnasium - 750 Baychester Avenue, Bronx, NY 10475. Thank you to all the parents who attended to cheer on their students.

Our final two Life After 596x Middle School - A successful Transition virtual sessions were held on May 9, 2026, 10AM & 7PM. The sessions were scheduled after the 176X orientation to answer final questions and concerns. Interpretation was available in Spanish, Arabic, Bangla and Hindi for all sessions.

The P596X and P176X Father's Club came together to socialize, support each other, unwind and meet some new friends on May 20, 2026.

"Care Corner Happy Hour" the last Care Corner catch-up of 2026 on May 26, 2026, was a collaboration with our Healthy Families Program. Families celebrated with a fun food activity and shared their Care corner highlights. Check Parent Square for June Highlights. Keeping you connected
