### Book Summary

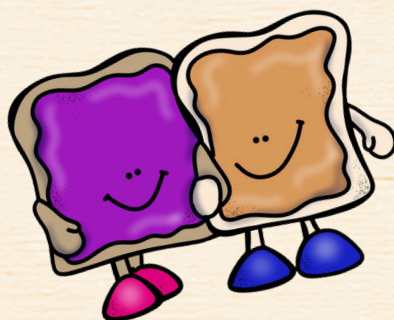

*This is a great story about making new friends, and the perseverance that doing so sometimes takes. Peanut Butter goes through lots of potential friends before he finds the one for him, but when he does, it's just right, and that's a great lesson for children who might be facing a similar situation.*

After reading the book, Peanut Butter and Cupcake, by Terri Border, make a peanut butter and jelly sandwich flip book with students.

Using the paper bread, jelly and peanut butter, build a sandwich with students where they indicate on the peanut butter and jelly fillers attributes for being a good friend.

Students may write, draw pictures or use the enclosed communication symbols to respond to the writing prompt, "a good friend is..."

#### *Materials:*

1. "peanut butter" page
2. "jelly page"
3. two slices of "bread"
4. binder ring
